WORK EXPERIENCE

Ironhack

July 2022 – Present

Teacher

Remote

- Support Class by creating extra-curricular activities, demonstrations, quizzes and one on one sessions to expand upon pre-existing course material and tailor the experience and pace to each student. Most creative and rewarding part of the job.
- Manage and carry out day to day tasks to keep the course functioning. Marking of Assignments, creating introductory and review sessions, checking solutions for accuracy and aspects to make note of to students, fine tuning grade rubrics.
- Monitor student progress using various metrics and communicate findings to Program Managers and Business partners to address issues and recognize achievements.
- Served as Scrum manager during twice daily standups and daily Scrum meetings for each student group during project weeks. Adhering to company specific guidelines and keeping track of performance metrics to report back to Programme Managers. As best as possible simulate a real life Agile environment.

Freelance Client

June 2021 – Jan 2022

Content Creation and Personal Management

Remote

- Manage and maintain public-facing accounts for Social Media Influencer
- Assist in creation or editing of video content.
- Handle business contact and enquiries.

Business Owner

Jan 2015 – Jan 2021

Online Sales

Remote

- Managing online purchase and sale business.
- Large volume of incoming and outgoing orders meant keeping on top of the workload on a daily basis was essential.

EDUCATION

Edge Hill University

Sep, 2011 - Apr, 2014

BA English

Ormskirk, UK

- Certificate for acting as elected Course Student Representative during my 3rd year. Year Representative for the last 2 years of course. Module Representative for every module at least once by the end of the course.
