WORK EXPERIENCE

Ironhack   **July 2022 – Present**
Teacher   *Remote*
- Assisting the Lead Teacher in making the course engaging and personal. May include creation of class activities, demonstrations, quizes, One on Ones, or small teaching sessions on extra-curricular topics of interest; dependent on teacher and overall schedule. Most flexible and dynamic part of the job and the most rewarding..
- Manage and carry out day to day tasks to keep the course functioning. Marking of Labs, creating lab introductory and review sessions, checking solutions for accuracy and aspects to make note of to students, fine tuning grade rubrics, taking attendance etc.
- Monitor and keep track of students progress using metrics such as Lab performance, assessments, projects, interpersonal and class activities. Relate these thoughts during regular meetings with Program Managers to anticipate any future problems as well as to highlight students doing well.
- Scheduled and acted as Scrum manager during twice daily standups and daily Scrum meetings for each student group during project weeks. Kept to company specific guidelines for Scrum meetings and kept track of performance metrics to report back to Programme Managers and simulate a real life Agile environment.
